

who are we?

Family Counseling Service, a program of Family Service of the Piedmont, has provided quality counseling services to the Greensboro and High Point communities since the agency opened its doors in 1940. All of the agency's therapists hold no less than a master's degree in their fields of specialty and are state-licensed or clinically-certified.

We Meet Your Needs

Many of us at some point in our lives will encounter problems beyond what our friends and family support system can handle. The caring, professional therapists at Family Counseling Service help clients overcome life's stumbling blocks and make positive changes for a healthier and happier life.

Family Counseling provides individual, couples and family counseling for children, adolescents and adults.

For children clients, Family Service therapists use System of Care, a best practice that ensures collaboration with community supports to provide the best quality service to all children and their caregivers.

Counseling Fee Assistance Plan

Family Service of the Piedmont believes that individuals and families in our community deserve access to quality counseling services, regardless of their financial situation.

Family Service understands that counseling can be costly for many people because of lack of insurance or insurance that does not cover the costs of therapy. The agency's Counseling Fee Assistance Plan is a sliding fee scale that allows clients to pay according to what they can afford (with a nominal minimum fee). The agency also accepts some types of insurance and Medicaid.
