URICA Scale

This questionnaire is to help us serve you better. Each statement describes how you might feel when starting therapy. Please indicate the extent to which you tend to agree or disagree with each statement. Make your choice in terms of how you feel right now, not what you have felt in the past or how you would like to feel. For all the statements that refer to your "problem", answer in terms of the problem that you have come to treatment to address. "Here" refers to the place of treatment.

There are FIVE possible responses to each of the items in the questionnaire:
 Strongly Disagree, Disagree, Undecided, Agree, and Strongly Agree.
 Circle the number that best describes how much you agree or disagree with each statement.

There are 5 possible responses:	Strongly Disagree	Disagree	Undecided	Agree	Strongly Agree
